Is It a Surprise

Why this Store Sells More Goods than Any Other?

In spite of the bad weather Saturday, our store was continually crowded with enthusiastic buyers. Its reason is simply because when we promise reductions in prices the public places full confidence in our ads, knowing when they call they get the stuff just as advertised.

All Our Winter Goods Must Be Closed Out to Make Room For New Spring Goods.

FIRE VISITS ADA AGAIN

W. K. CHANEY LOSES BARN AND
AUTO—DR. LEFEVRE'S BARN
BURNED.

GASOLINE WAS THE CAUSE

Fire Wagon Collides With Telephone
Pole—Boys Shaken Up Con-
siderable.

About 7:30 last evening the barns of W. K. Chaney and Dr. Lefevre were burned, entailing a heavy loss. Mr. Chaney's auto was lost and Mr. Chaney himself had a close call.

Mr. Chaney had just secured a fresh supply of gasoline and in the morning had drawn off that already in the machine and left it in a bucket that was covered lightly with a piece of cloth of some kind. Just before the fire he decided that to avoid any chance of freezing he would draw the water from the radiator of the auto. He struck a match and the flame coming in contact with the gas laden air, brought about an explosion of the gasoline that instantly enveloped the building. Mr. Chaney himself had a very close call but succeeded in escaping with only a light scorching. A barrel of gasoline was at hand, and a serious explosion would have occurred had not Mr. Chaney shot it full of holes and allowed the dangerous fluid to escape. It was but a few minutes until both his barn and that of Dr. Lefevre were burned to the ground.

The fire company responded to the alarm and with Clarence West, the driver, Jno. Kiser, Charley Daggs and Ed Haraway on the wagon a run was begun. From what can be gathered it appears that the driver was unable to get into his seat in time to get the team under good control. At all events, seeing that it was impossible to make the turn at the corner of Broadway and Main and that the wagon would either be overturned or that the team would dash into the front of the M. & P. bank, he struck the telephone pole at the corner. The wagon tongue struck the pole squarely, and with such force

COMMITTEE WOULD APPROPRIATE \$4,000,000

Oklahoma City, Feb. 24.—A total of \$4,270,162 to run the state government and institutions for the next two years from July 1, 1911, to June 30, 1913, is asked in a committee bill introduced in the house of representatives, Thursday, by the committee on general appropriations. The amount is many hundreds of thousands of dollars less than the estimates submitted by the various state officers, departments and institutions. Much trimming was necessary to get the totals down to a figure that is now even more than two million dollars a year.

The committee has been working on the bill for weeks. John Crawford is chairman.

Uncle G. Duncan was down from Francis today en route to Egypt. He states that he is in better health than for a long time, except for his eyes. The optic nerves have weakened to an extent as to leave him almost blind.

BREAKS RECORD FOR MARRIAGES

Yesterday was a record breaker in the annals of marriages in Ada. Five licenses were issued and Rev. Y. Coleman of North Ada performed the marriage ceremony for four out of five of the happy young couples. How is that for a busy day for a preacher? The first of the weddings was that of Mr. Geo. Burch of Wetumka and Miss Eve Caudill of Ada which

occurred at the residence of the bride's father in North Ada at 1 o'clock.

At 8 o'clock a double wedding took place at the residence of Rev. Coleman. The contracting parties were Mr. J. P. Rogers and Miss Lena Creamer, and Mr. H. L. Rogers and Miss Bessie Crooks, all of Ada.

Finally at 9 o'clock he performed the marriage rite for Mr. Mark Lancaster and Miss Olive Brown at the residence of the groom's mother.

The News joins the friends of the young people in wishing all of them happiness in their wedded state.

Sheriff's Force Busy.

Yesterday was a busy day for Sheriff Mitchell and his men. Five men, as noted in other columns, were taken up and given quarters in the county bastille. Looks like a rocky road for the law breakers of Pontotoc county.

G. C. Cain was in town today en route to Francis. He has purchased a sixty acre tract of exceptionally fine land four miles west of town and says he has the best little farm in the county and is figuring on making a fine showing this year.

Attention Home Builders--Opportunity Extraordinary

LEGISLATIVE HAPPENINGS

ADA NORMAL LOSES FIGHT FOR APPROPRIATION FOR DORM- ITORY.

Oklahoma City, Feb. 24.—Nearly all of the house session today was spent in considering two \$100,000 appropriations for new buildings, one at Ada and the other at Alva.

The Ada bill which was for a new dormitory was killed and the Alva bill being for additional school room and equipment went through, both after considerable debate. In the Alva bill, pushed by Mr. Woodson, it is provided that the city of Alva must finance the proposition and guarantee sale of the public building warrants at par. During the debate on the Ada bill, Mr. Anthony, Mr. McDuffey and

Mr. Maxey, who led the fight to kill it, told the house that the legislature had authorized issuance of public building warrants to the amount of \$2,025,000 and had appropriated for school nearly \$2,000,000. Approximately \$1,000,000 worth of the warrants had been sold, and it would be necessary to dispose of \$1,000,000 more before buildings already authorized could be paid for. The total value of public building lands was shown to be slightly in excess of \$5,000,000 and at the best they said it would be only giving a mortgage against real estate, with no market open to promote the venture.

Mr. Maxey said that it was like a man mortgaging his household goods to buy an automobile.

The appropriation was defended by Mr. Crawford of Pontotoc county as being necessary for the institution.

When the house took up the Alva bill, however, it was found to have many defenders in view of the fact that the money was for additional school facilities and Mr. Peery and

Mr. Woodson in advocating it told the house that the older states had many sectarian educational institutions, whereas Oklahoma had to provide for education out of its tax revenues.

Senate Passes Sixteen Measures.

The senate passed sixteen measures a large number of which were local in their nature. The joint resolution by Senator Franklin was passed, providing for submission of a constitutional amendment to the effect that no property qualification other than that fixed by the state constitution may ever be imposed as prerequisite for voting or registering. Republican members asked Senator Franklin what the object was and he replied that during the campaign, it had been charged by Republicans that the grandfather clause was but a forerunner to further disfranchisement, and the proposed resolution was to prevent anything of that kind.

Senator Potter (republican) declared the resolution to be buncombe. He stated that the poison had been

spread, and the resolution would be of no effect, and what it sought to prevent was already prevented by the constitution. Other republicans stated they would support the resolution for fear it would be made to appear later that they had opposed a measure which sought to prevent property qualifications from being imposed. Senators Dutton and Cleonnan (republicans) voted against it.

The National Conservatory of Music instructors of Piano, Mandolin, Violin and Guitar will soon be open to the public, wishes to announce that Prof. Buck has arrived at Ada to take full charge of the Conservatory. Each department will be in charge of a competent teacher. Mr. Buck is a graduate of the Boston Conservatory of Music of Boston, and will have charge of the string department such as Violin, Guitar and Mandolin. Studio at Holley-Rodke Bldg., on East Main.

Will Not Disturb Normal at Ada.

Oklahoma City, Feb. 24.—Important
MIs reported out of house commit-
tee Thursday are as follows: By
Coyne, Jeffords and Harlan of the
senate, appropriation for the Vinita
insane asylum, "do pass;" Baldwin,
abolishing the Ada, Tahlequah and
Weatherford normals and the Clare-
more preparatory school, "do not
pass;" Maxey, a training school for
incorrigible girls at Shawnee, "do
pass as amended;" Milburn, Barret,
Clark of Grant and Senator Thomas
extending the supervisory power of
the state examiner and inspector to
all counties and other municipal sub-
divisions, public service corporations
etc., "do pass as amended."

At Work on Public Fountain.

Workmen are busy today putting in
the foundation for the public drink-
ing fountain at the Oklahoma State
bank corner. As previously noted the
movement for this fountain was
headed by the W. C. T. U. and was
by that organization pushed to a
successful completion. Several Ada
citizens contributed liberally on the
much needed fountain.

Southern Pacific After M. O. & G.

A dispatch in the Globe-Democrat
of two days ago, a big rush of freight
and indications lend color to the rum-
or that the Southern Pacific rail-
road has its eye on the M. O. & G.
if indeed, it has not already taken it
over. This new road would give the
Southern Pacific a magnificent out-
let to the north and be a most valu-
able feeder to the H. and T. C. also
a Southern Pacific property. This
change might prove very important
to Ada, as it would be in a position
to extend a tap from the main line
to this place.

Sparks From the Fire Waste.

Fire losses in the United States
and Canada in 1910 were \$234,406,500.
Fire losses and the cost of fire pre-
vention in the United States amount
annually to \$450,000,000, or more
than the total American production
of gold, silver, copper and petroleum
in a year.

The cost of fires each year is one-
half the cost of all the new build-
ings erected in a year.

The annual per capita fire waste
in the United States is \$2.51, in Eu-
rope, 33c. Cause: The latter has bet-
ter construction, less carelessness,
increased responsibility.

If building in the United States
were as fire proof as in Europe, the
annual cost of fire losses and pro-
tection would be only \$90,000,000.

Fires in the United States cost over
\$500 a minute.

The way to get lower insurance
rates is to have fewer fires.

New York city spends \$10,000,000
a year for fire extinguishment and
\$15,000 a year for fire prevention.

The 90,000,000 people in the United
States use more matches than the
900,000,000 in the rest of the more
or less civilized world.

Of 3,875 known causes of fire in
Chicago last year, 1,089 were due to
the careless use of matches. Nearly
ten thousand matches are scratch-
ed every second of the day in this
country, every one a possible fire.

The report of the fire marshal for
Nebraska for 1910 shows that of 834
known causes of fire in that state,
106 were due to matches, of which
55 were caused by children playing
with matches, many of them result-
ing in serious injuries.

Defective flues are responsible for
13 per cent of all the fires.

Execution Asked Against Haskell.

Guthrie, Okla., Feb. 22.—Attorneys
here for Cornelius S. Loder, of New
York City, who recently secured a
judgment against former Governor
C. N. Haskell for \$69,000 in settle-
ment for a former Illinois steel com-
pany claim, filed a precept in the fed-
eral court Wednesday for an execu-
tion against Haskell. The case re-
verted back to 1898 when Haskell se-
cured a loan from the steel com-
pany to promote the Lima & North-
ern railroad in Ohio.

Men of 1900.

Yesterday afternoon Andy Thornton
and Otis Weaver fell to talking over
the early days of Ada and the men
who came here with the first wave of
immigration that arrived with the
Frisco railroad or a little before.
They figured it out that of the bunch
who came in 1900 only eleven are
still here in business. This list com-
prises Tom Hope, Frank Jones, Otis
Weaver, Sherwood Hill, J. A. Biles,
Dr. Ligon, J. T. Conn, Jno. W. Beard,
Andy Thornton, C. A. Powers, Joe
Deckert and J. T. Higgins. Of course
there are a few others who were
here before that and in business in
old town, but this is the 1900 bunch.

Col. Vespasian Warner in Town.

Yesterday afternoon Col. Vespasian
Warner, Commissioner of Pensions
under Roosevelt, and one of the most
influential politicians in Illinois, ar-
rived in Ada and remained until this
afternoon. He recently bought a farm
near Conway from Senator Gore and
was here to see something about it.
This is Mr. Warner's third trip to
Ada and it begins to look as if he
would become the holder of quite a
little property in this section.

To buy without having read the ads

is no advantage in knowing things,

QUANAH PARKER

PASSES AWAY

Lawton, Ok., Feb. 23.—Quanah
Parker, chief of the Comanche In-
dians, last of the great Indian braves
who once spread terror among white
settlers of the great southwest, con-
sidered by many the greatest living
blanket Indian of his latter days, is
dead.

He died at his home, four miles
northwest of Cache, fifteen miles west
of Lawton at the foot of the Wich-
itas, at 12:05 today from a severe at-
tack of rheumatism, which affected
the heart. Parker and his family had
been on a visit to the Cheyenne In-
dians near Hammon since Sunday.
He had been suffering from rheuma-
tism for several weeks and even when
he left home was not well. While
among the Cheyennes the recent cold
wave brought on a return of rheu-
matism and, believing his end was
near, he ordered his relatives to bring
him home. He arrived at Cache on a
stretcher shortly after 11, and with-
in twenty minutes after being carried
to his home died.

Funeral Today.

The funeral will be held tomorrow
at 2 o'clock. Quanah has, in fact,
been leader since the death of his
father. At the time he was 14 years
of age, Chief Nocona called his peo-
ple together and requested that his
son Quanah, be his successor, after
he had proven his right to the throne
by his bravery. When the young
chief became 18 years of age he re-
organized the tribe and went upon
the war path.

Parker 67 Years Old.

Parker was 67 years of age. He
was the son of Cynthia Ann Parker,
white captive of the Indians, and
Peta Nocona, former chief of the
tribe, and led the Indians on num-
erous raids on the white settlers of
Texas and Oklahoma even up to the
time of the establishment of Fort
Sill, when he surrendered in 1874 to
Gen. McKenzie at that post.

The casual observer has always
believed Quanah to be a wealthy In-
dian, while the money lenders make
the statement that he always has to
borrow of them between the times of
the semi-annual payments. He has
had seven wives, three of whom are
now performing domestic duties of
his household. Fifteen children are
now living, others have died.

The funeral services over the re-
mains of Quanah will be said by Rev.
A. J. Becker of the Mennonite de-
nomination at the Post Oak Mission
church and the body laid to rest be-
side that of his mother in an ad-
joining graveyard. In the address
given by Quanah at the funeral ser-
vice of his white mother he said:

"My mother captured in 1836, when
9 years old. She born in Illinois, 1827
With her people she moved to Tex-
as; erect Parker Fort. Did farming,
establish school, organize Baptist
church. Her uncle, preacher, gate to
fort left upon in 1836. Several Co-
manches run in on Parker family.
Preached killed. Later my mother
married Peta Nocona, Chief. Three
children born, myself, Prairie Flower
a sister, and a younger brother. He
die. In 1860 Col. Sull Rose, Ranger,
toke my mother back to Texas, Hen-
derson county. He found her to be
Cynthia Ann Parker, me in her
arms. She die 1870. Most sad story
her capture. We want white folks
know these things."

WOULD ANNEX

TEXAS PANHANDLE

Oklahoma City, Ok., Feb. 22.—Ok-
lahoma would acquire a large slice
of Texas if the concurrent resolution
offered in the house today by Mr.
Patchell of Garvin county be agreed
to by the Oklahoma Senate, the legis-
lature of the state of Texas and con-
gress of the United States. The area
desired is all of the famous Texas
Panhandle, lying between Oklahoma
and New Mexico, and a goodly por-
tion now separated from this state
on the southwest by Red River. Mr.
Patchell's resolution recites that the
geographical location, similarity of
soil, population and many other man-
ifest industrial, social and political
advantages, suggest that the terri-
tory should become a part of Okla-
homa.

Thirty-eight counties are includ-
ed as follows: Lipscomb, Ochiltree,
Hansford, Sherman, Hemphill,
Wheeler, Gray, Garson, Potter, Old-
ham, Deaf Smith, Randall, Arm-
strong, Donley, Collinsworth, Child-
ress, Hall, Mriscoe, Swisher, Castro,
Parmer, Bailey, Lamb, Hale, Floyd,
Motley, Cottle, Hardeman, Foard, Wil-
barger and Wichita.

The resolution declares that con-
sent of the Oklahoma Legislature is
given upon such terms as will be
fair and just to the state of Texas.

It Does Pay to Know The Stores!

So great a part of every income is spent in
stores, that it would seem that, next to "man-
kind," "the proper study of mankind is—
stores!"

To the readers of the ads, the stores take
on individual characters—they become fami-
liar—they come to be UNDERSTOOD. The
value-giving "habits" of each store—and
the service rendered by each—are known,
and rightly valued.

The ad-reader knows an exaggerated state-
ment by an educated instinct; and an ad that
comes even to the borderland of misrepresen-
tation is a species of store-suicide.

Every merchant appreciates the NECESSI-
TY of "making good" every advertised price
concession—as well as the further NECESSI-
TY of making price concessions that are real
enough and notable enough to make the
store's advertising WORTH answering!

Thus the readers of ads keep in touch with
ALL buying opportunities in the store of the
city that make for economy in the home ex-
penses—and, thus to "know the stores"
DOES PAY!

News Publishing and Printing Company

and to the people residing in the
counties, sought to be annexed, all
subject, however, to ratification by
congress.

Copies of the resolution will be
forwarded to Washington and to Aus-
tin for consideration by the law-
making bodies, also to all newspa-
pers in the counties enumerated, to
the end that the question may be dis-
cussed.

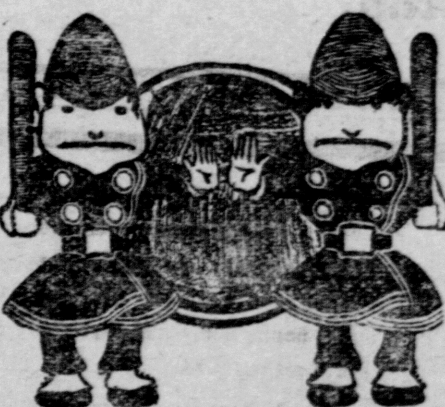

Expects It to Pass.

Mr. Patchell believes the resolu-
tion will pass. He says the constitu-
tional questions are satisfied by var-
ious ratifications, which are propos-
ed in the resolution, and that, while
this would be the first transfer of
territory between states by friendly
arbitration, it can be legally done.

According to Mr. Patchell, it was
an idea during the days of state-
hood fight to extend the new state's
boundaries westward and give har-
monious proportions to the geogra-
phical map. He refers to the con-
gressional resolution annexing the
state of Texas to the federal union
of states in 1837, wherein it was de-
clared that four states, other than the
state of Texas might be erected with
in the area acquired from the Texas
republic.

He will show, in addition to the
reasons recited in his resolution,
that addition of the area would serve
as a great convenience to the people
residing in the counties, as well as
bring to Oklahoma territory that be-
longs, he says, commercially here.

"HE FELL IN LOVE WITH HIS WIFE"

Last evening at the opera house, the Neff-Pennington company presented the comedy, "He Fell in Love With His Wife." Although in the nature of a comedy, a splendid lesson was taught. Young Jack Hendersin who had been raised by wealthy parents and accustomed to all the surroundings of polite society, fell desperately in love with Mercy Bawter, a pretty and lovable country girl who had had none of the advantages of an education or training in the ways of the world. Despite the warning from the girl's father that such an unequal marriage would be productive of nothing but unhappiness, and the wrath of his own father, young Jack persisted in marrying the girl in whom he instinctively recognized the qualities that go to make a wife of whom any man might be proud.

However, a few months later he regrets his step, for her manners are crude and she cannot move in the circle to which he has been accustomed. Finally the wife sees how things stand and returns to her father's house, determined to secure an education that will give her the refinement which she recognizes she must have if she is to walk beside her husband on terms of equality. She accomplishes her task, and then under an assumed name she meets her husband again. He is struck by her resemblance to his former wife, but in the stately creature before him there is little of the country girl that he had married a few years before. He falls desperately in love at first sight, however, and then comes a happy climax.

This play is in keeping with the theory of the writer that a woman who marries a man above her accustomed sphere can rise to an equality with him much more easily than the man who marries a woman above him can rise to a level with his wife.

This evening the company will present "Dora," a drama founded upon Tennyson's beautiful poem of that name. Mr. Neff declares that it is the favorite of the entire company except himself. Naturally he thinks more of "The Scape Goat," the comedy written expressly for himself and which will be presented tomorrow evening.

A HANDSOME HAIR DRESSING

Model and instructions
furnished by **RICHARD
BINDER**, of Phila-
delphia, Pennsylvania.

Style D. (See Note) Coiffure "A La Greque" is as the name indicates a style taken from the Greeks. The hair is loosely waved all around. Part off a small portion of the hair at the crown and tie. This gives a foundation to which to pin. That part of the hair used for pompadour is gathered back very softly and loosely and fastened to the crown. Proceed with the sides and back in the same manner using care not to draw the hair line too tightly. All the ends of the hair are used for coil.
The coil is fashioned in soft rope like twists, giving charming simplicity to the do-up which is so essential to an artistic head dress. Coiffure "A La Greque" is executed without the aid of false hair or rats.

Newbro's Herpicide

Eradicates Dandruff and Makes the Hair Beautiful

To produce the prettiest and most artistic effects in hair dressing the hair should be kept clean, light and fluffy by an intelligent use of Newbro's Herpicide. Hair that is uneven, dull, brittle, dead and full of dandruff, no matter how elaborately dressed, cannot be made attractive. The hair and scalp must be kept clean and free from dandruff, then the hair grows naturally, is bright, pretty and luxuriant. It ceases to come out where before one sweep of the brush brought out a handful. Newbro's Herpicide used regularly brings about this much desired change. It is a most delightful hair dressing and has an exquisite odor, which is distinctive and refined. The preparation is not greasy, neither does it stain or dye. Herpicide stops itching of the scalp almost instantly. Don't waste time and money on remedies which have adopted the claims that have always been made for Newbro's Herpicide. Demand genuine Herpicide, the Original Dandruff Germ Destroyer. One Dollar size bottles sold and guaranteed by all druggists. Applications obtained at the best Barber Shops and Hair Dressing Parlors.

PARTICULARS OF COTTON GROWING CONTEST

Yukon, Ok., Feb. 16th, 1911.

There is to be a boys' cotton growing contest in Oklahoma. All members of the Boys and Girls Agricultural clubs are eligible to compete. Any boy or girl between the ages of nine and eighteen years inclusive may become a member of the Boys and Girls Agricultural club, and compete for the prizes.

The Oklahoma Cotton Seed Crushers Association offer four prizes as follows:

- 1st. A free trip to Washington, D. C.
- 2nd. A cash prize of \$75.00.
- 3rd. A cash prize of \$50.
- 4th. A cash prize of \$25.

Rules and regulations governing this contest will be sent out later. Other prizes will be offered. Here is another chance for the boys and girls of Oklahoma to win cash and glory. Take it up with the teachers, Superintendent of Schools, Demonstration agents and your County Institute officers and get into the game.

Yours very truly,
W. D. BENTLEY,
State Agent, Yukon, Okla.

DAY IN THE DISTRICT COURT

Last evening the jury that tried Earl Duren of Tyrola on a charge of appropriating money derived from the sale of hogs in his possession, which he was keeping for another party, returned a verdict of guilty and assessed a fine of \$25 against him.

This morning Jno. Jenkins, charged with killing Bert Vaden at Roff last November, was placed on trial. The jury was completed shortly before noon and the trial is now in progress.

He Likes Ada.

This morning the News received a call from H. S. Bradley who a short time ago wrote for a copy of the News, saying that he always judged a town by its paper. He has come to make Ada his headquarters for his general agency of the Mt. Hope nurseries of Lawrence, Kansas. This is his thirty-third year with that company, nineteen of which have been in Oklahoma. He has strong endorsements from Jno. Fields and other prominent men of Oklahoma who are interested in this line of work. We extend Mr. Bradley a hearty welcome.

INTERURBAN PROPOSITION

W. L. BENTLEY OF SHAWNEE,
SUBMITS PROPOSITION TO
ADA FOR LINE.

Yesterday afternoon a conference between W. L. Bentley of Shawnee, and a number of business men of Ada was held at the rooms of the 25,000 club. Mr. Bentley stated that he is now promoting a series of electric interurbans radiating from Shawnee and desired to know if Ada desired to be included in the route. His plan is to run one line from Shawnee to Oklahoma City, another to Muskogee and on to Joplin, Mo. From near Keokuk Falls he desired to run a line to Denison passing through Ada and on through Johnston county. He stated that he has ample capital behind the proposition and that nothing remains except for the towns affected to do their share.

He asked that Ada put up \$1,500 to make the survey from Keokuk Falls to the Johnson county line and later contribute a liberal bonus when the line is completed, and a franchise for a system of lines for the city.

The matter was discussed from different standpoints for sometime, but no definite action was taken at the meeting. It is certain, however, that Ada will do her part if the matter comes to a focus.

Arrested Yesterday Afternoon.

Among the arrests of yesterday by Sheriff Mitchell and his force were Jim Cordell and one Williams on a charge of bootlegging and larceny, and Geo. Murrell, colored who is charged with having beaten up a woman of his own color with a stick of stove wood.
